CERTIFIED COMPRESSED AIR INDUSTRIAL VACUUM CLEANERS

HAFCOVAC STAINLESS STEEL EXPLOSION-PROOF VACUUMS

Housekeeping Compliance Made Simple.

HafcoVac Certified Explosion-Proof Stainless Steel Industrial Vacuums are the perfect solution for demanding environments. Using naturally strong stainless steel drums mean they are highly resistant to water, acids, alkaline solutions and chlorine resulting in a long-life and a lower cost of ownership. They are excellent for use with high temperatures and are also fire resistant.

Ready to work on the biggest clean-up jobs right from the box, all you supply is the air.

BENEFITS OF STAINLESS STEEL

- ▶ Resists corrosion to water, acids, alkaline solutions, and chlorine.
- ▶ Fire resistant and retains strength at high temperatures.
- ▶ Easily cleaned and hygienic for food production.
- ▶ Impact resistant and natural strong properties of Stainless Steel.
- ▶ Long term value based on total cost of ownership.
- ▶ Sustainable, made from highly-recycled content.

HAFCO VACUUMS ARE CERTIFIED FOR USE IN HAZARDOUS LOCATIONS

Electric powered vacuums can potentially create static electricity that are hazardous in locations with combustible vapors and dust conditions. **HafcoVac vacuums operate on compressed air** and are **intrinsically safe** to meet all **NFPA and OSHA housekeeping** requirements.

Ease of use combined with peace of mind as HafcoVac Vacuums are economically priced and carry a Lifetime Warranty

HAFCOVAC AIR-POWERED VACUUMS

Our compressed air powered vacuums are designed specifically for heavy-duty industrial cleaning and material recovery. By utilizing your compressed air lines, the simple Venturi system provides up to 6x the suction power generated by conventional motor-driven units, all without the need for an electrical connection. They are certified, safe, strong, portable and easy-to-use.

The high powered Venturi driven suction power will enable you to pick up virtually anything that will pass through the hose.

CERTIFIED EXPLOSION-PROOF VACUUMS

HAFCO Vacuums are ATEX cn 2, Groups A, B, C and D T6 and Class II, Division 2, Groups E, F, G, Hazardous Locations as defined in the National Electric Code (NFPA 70). Designed and built to the highest standards, our vacuums also carry a lifetime warranty.

FOR USE IN A VARIETY OF INDUSTRIES

Our vacuums are certified to operate in a variety of conditions across many industries including:

- ▶ Wood, Paper & Pulp
- ▶ Metal Dust
- ▶ Food, Flour, Sugar & Grain
- ▶ Powder Coat
- ▶ Oil / Gas

CHOOSING THE RIGHT VACUUM

A general guide to choosing a HafcoVac Vacuum is by determining the available airflow (CFM). Using this simple formula it is easy to see what your facility has available to select the right vacuum.

Compressor Horsepower × 4 = CFM

COMPRESSOR REQUIREMENT (AIRFLOW)

AIR REQUIREMENTS	HOSE LENGTH (feet)	SUCTION	H2O LIFT (inches)	Hg (inches)	AVAILABLE OPTIONS/INFO
18 CFM HV30-1520X	12'	2x Suction*	160"	12"	
48 CFM HV30-1560X HV55-1560X	25'	4x Suction*	204"	15"	Overhead Tool Kit
85 CFM HV30-1510X HV30-2010X HV55-1510X HV55-2010X	50'	5x Suction*	231"	17"	Ideal for Overhead Cleaning 50 Feet of Hose
185 CFM HV30-15185X HV30-20185X HV55-15185X HV55-20185X	100'	7x Suction*	300"	19"	100' Hose Ideal for Heavy Material/Sludge

All Units are Certified and Carry a Lifetime Warranty

HAFCO VACUUMS HAVE THE MOST POWERFUL VENTURI SYSTEMS WITH LIFETIME WARRANTIES

OVERHEAD ATTACHMENT KIT

- For Beams and Pipes

GROUNDING HOSE

- Available in 25' and 50' Lengths
- 100' of Hose

HAFCO DUAL VENTURI (185 CFM)

HAFCO Vac's Dual Venturi produces:

- Capable of 100' Clean-up radius
- 19' Hg Suction & over 300" H2O Lift
- Designed for Heavier Debris
- Long-range suction
- Lifetime Warranty
